TC_001	Basic Operations	Verify Addition	Calculator app is installed	1. Open the calculator app. 2. Enter 5. 3. Press '+'. 4. Enter 3. 5. Press '='.	5, 3	Result should be 8	8	High	Pass	
TC_002	Basic Operations	Verify Subtraction	Calculator app is installed	1. Open the calculator app. 2. Enter 9. 3. Press '-'. 4. Enter 6. 5. Press '='.	9, 4	Result should be 5	5	High	Pass	
TC_003	Basic Operations	Verify Multiplication	Calculator app is installed	1. Open the calculator app. 2. Enter 7. 3. Press '×'. 4. Enter 6. 5. Press '='.	7, 6	Result should be 42	42	High	Pass	
TC_004	Basic Operations	Verify Division	Calculator app is installed	1. Open the calculator app. 2. Enter 8. 3. Press '÷'. 4. Enter 6. 5. Press '='.	8, 4	Result should be 2	2	High	Pass	
TC_005	Edge Cases	Division by Zero	Calculator app is installed	1. Open the calculator app. 2. Enter 5. 3. Press '÷'. 4. Enter 0. 5. Press '='.	5, 0	Error message or "Infinity" displayed	Error message	High	Pass	Check if error message is clear
TC_006	User Interface	Verify Clear Button	Calculator app is installed	1. Open the calculator app. 2. Enter 10. 3. Press 'C' (clear). 4. Check the screen.		The screen should be cleared	Empty	Medium	Pass	
TC_007	Functionality	Verify Decimal Point	Calculator app is installed	1. Open the calculator app. 2. Enter 5. 3. Press '.'. 4. Enter 5. 5. Press '='.		5.5 Result should be 5.5	5.5	High	Pass	
TC_008	User Interface	Verify Button Layout	Calculator app is installed	1. Open the calculator app. 2. Ensure all number buttons (0-9) and operations (+, -, ×, ÷) are displayed.	N/A	All buttons should be properly visible and accessible	All visible	Low	Pass	Test layout on different screen sizes
TC_009	Functionality	Verify Negative Numbers	Calculator app is installed	1. Open the calculator app. 2. Enter 5. 3. Press '±'. 4. Press '+'. 5. Enter 3. 6. Press '='.		5, 3 Result should be 8, as the negative sign is toggled on	8	High	Pass	
TC_010	Performance	Check App Speed	Calculator app is installed	1. Open the calculator app. 2. Perform any operation. 3. Time how long the result takes.	Any numbers	Result should appear within 1 second	<1s	Medium	Pass	Check for delays or lag

This table includes important fields such as:

Test Case ID: A unique identifier for each test case.
Test Scenario: The high-level feature or area under test.
Test Case Title: A brief description of the test case.
Pre-requisites: Any conditions that must be met before starting the test.
Test Steps: Step-by-step instructions to perform the test.
Test Data: Input values for the test.
Expected Result (ER): What the outcome should be if the test passes.
Actual Result: The result observed when the test is run.
Priority: The importance level of the test (e.g., High, Medium, Low).
Result: Whether the test passed or failed.
Comments: Additional notes or observations related to the test case.
